Calculation of Preliminary Application Deposit

Preliminary Application Deposit for San. Sewer: $\$1,000 + \$1/\text{LF} \times \text{LF of Sanitary Sewer}$

Sanitary Sewer Application Deposit:

$\$1,000 + \$1/\text{LF} \times \text{LF of Sanitary Sewer} =$ _____

Preliminary Application Deposit for Waterline: $\$1,000 + \$1/\text{LF} \times \text{LF of Waterline}$

Waterline Application Deposit:

$\$1,000 + \$1/\text{LF} \times \text{LF of Waterline} =$ _____

Total Preliminary Application Deposit = _____

The Preliminary Application Deposit is due upon initial submission of the plans in order to commence the review process. The submission will be returned without review unless the Preliminary Application Deposit is provided within 10 days.

A Construction Deposit, as well as the required start-up documents, is required prior to the issuance of a Notice to Proceed and/or permission for the commencement of construction. Construction Deposits are calculated as follows:

Sanitary Sewer Construction Deposit: $\$1,000 + \$6/\text{LF} \times \text{LF of Sanitary Sewer}$

Waterline Construction Deposit: $\$1,000 + \$6/\text{LF} \times \text{LF of Waterline}$
