Use (check one): Residential Multi-Family

The applicant hereby makes a request for the installation of a sewer charge deduct meter and required appurtenances on the existing service extension from the water system and agrees to be governed by the rates, rules and regulations as adopted and amended by the Moon Township Municipal Authority (Authority), which are made part of the application with the same effect as if physically attached hereto. The applicant agrees that the express purpose of this request is for the elimination of sewer charges for the water supplied to the premises which does not enter the sewerage system. It the applicant's responsibility to have the backflow device tested annually by a certified inspector and to submit the report form in accordance with the Authority regulations. The applicant further agrees that the Authority has the right to order discontinuation of the irrigation water use or any other non-essential use of water measured by the sewer charge deduct meter when, in its sole discretion, the Authority believes it is reasonable and prudent to do so or when a drought emergency is acknowledged.
